

Tips for Finding a Reputable Tree Care Company

Check their Reputation

- Check references.
- Check online ratings.
- Are they prompt, polite, courteous & honest?

Do they Carry Insurance

- Do they carry Workers' Compensation and Liability Insurance?
- Request Certificates of Insurance, and call their insurer to be sure the policy is current.
- You could be financially liable if an uninsured worker is hurt on your property.

Understand the Terms of the Job

- Get a written quote detailing the work to be done.
- Quote should show the cost of the project
- Specify who is responsible for clean up & disposal
- Are they honest about the timeline? Good companies are usually booked a long ways out, but are worth the wait.
- Payment is typically due after the work is completed.

Are They ISA Certified Arborists?

- ISA Certified Arborists are highly trained professional who understand the physiological and biological systems of trees.
- They have the skills and experience to provide for the long term safety, health, and beauty of your trees.
